GROWTH MARKETING CASE STUDY #2

High-Ticket Coaching & Organic Reach Expansion (21-Day Rapid Sprint)

Prepared By: Tabbita Jael

Focus: IG SEO, Story Sales Engine & Audience Co-Creation

Automated Story & DM Lead Nurture System

CLIENT CONTEXT & CORE CHALLENGE

A personal growth and empowerment brand scaling a 6-week cohort program alongside an ongoing membership hub struggled with manual outreach fatigue. The founder relied solely on un-optimized link-in-bio Instagram Stories, causing low lead retention, erratic monthly cohort enrollment, and burnout from handling all prospective student inquiries manually in DMs.

+180%	42 New	68%
Organic Instagram Reach	Paid Members Onboarded	Reduction in Manual Work

21-DAY STRATEGIC EXECUTION ROADMAP

- **Days 1–7 (Profile Audit & Pinned Post Alignment):** Re-architected feed post graphics and bio copy, placing key cohort outcome highlights into pinned posts to capture instant visitor trust.
- **Days 8–14 (SEO Optimization & Strategic Co-Creations):** Integrated high-volume search keywords in post audio and captions while launching joint collaborator posts with adjacent creators to capture warm audiences.
- **Days 15–21 (Interactive Story-to-DM Sales Engine):** Created interactive Story polling templates paired with automated response sequences to qualify leads and trigger direct application links automatically.

SUMMARY OUTCOME & TAKEAWAY

Automating story engagement pathways turns casual viewers into qualified funnel leads, relieving the founder of manual sales messages while accelerating monthly cohort enrollment.
