GROWTH MARKETING CASE STUDY #3

B2B LinkedIn Lead List Sourcing & Corporate Pipeline Building (21-Day Sprint)

Prepared By: Tabbita Jael

Focus: Targeted B2B Sourcing, Sales Navigator & Outreach

Targeted B2B Corporate Partner Acquisition Pipeline

CLIENT CONTEXT & CORE CHALLENGE

A media production and corporate brand agency sought to establish B2B partnerships with mid-sized corporate firms for quarterly video retainers. The agency relied on word-of-mouth and lacked a structured lead prospecting framework. Previous internal outreach efforts had low response rates due to unverified email lists and generic, non-personalized cold messaging.

21-DAY STRATEGIC EXECUTION ROADMAP

- **Days 1–5 (ICP Blueprinting & Sales Navigator Sourcing):** Defined exact Ideal Customer Personas (CMOs, Marketing Directors in 50–200 employee firms) and extracted high-intent lead lists via advanced Sales Navigator Boolean filters.
- **Days 6–12 (Data Scrubbing & Verification):** Verified all email addresses through double-bounce verification tools (NeverBounce/ZeroBounce), enriching each record with company size, recent news triggers, and direct LinkedIn profile links.
- **Days 13–21 (Personalized Outreach & Pipeline Tracking):** Developed tailored 3-step cold LinkedIn & email touchpoint sequences focusing on value-first audits, achieving a 28% response rate and 18 qualified sales discovery calls.

SUMMARY OUTCOME & TAKEAWAY

High-precision B2B prospect targeting paired with rigorous lead verification ensures zero wasted outreach effort, directly fueling executive sales pipelines with qualified corporate prospects.
